

Your Views on Local Water Resources-SURVEY

The Natural Resources Conservation Service, the LaPorte County Soil and Water Conservation District, and Purdue University are conducting this survey in order to identify the needs and concerns in your community regarding water quality for the Little Calumet-Galien Watershed.

You should have received this letter in the mail. Hard copies of the survey will be mailed out soon. For more information about the Natural Resources Conservation Service, please contact Theresa Wojkovich at Theresa.wojkovich@in.usda.gov or at (219) 324-6303. For information regarding the survey, please contact Linda Prokopy at lprokopy@purdue.edu or at (765) 494-0825. Final survey results will be posted at www.iaswcd.org/icp/survey.html and will be available March 2012. Thank you in advance for your help!
