

**Jasper, Newton, Porter, Laporte
Conservation Practice Cost Share Program
2020 Application Form**

NATIVE INDIANA FLORA & COVER CROP

GROWER INFORMATION

Looking to address drainage issues within the Kankakee Watershed? We are pleased to offer financial assistance for the establishment of perennial plantings or cover crops in farm fields, along stream banks, or in low lying areas to improve water infiltration. Cover crops will be reimbursed at **\$20 per acre**. Perennial plantings pay **\$250 per acre** per year for installation and maintenance for up to 3 years. This cost-share program is made available by Clean Water Indiana grant funds. Applicants will be funded until the SWCD's allotted money runs out. **Receipts and/or proof of maintenance will be required.** Technical assistance will be provided.

Authorization: By signing below, I certify that I have ownership/control of the project site and release the district from all liability. All fields are subject to SWCD ranking and approval. Grower agrees to allow field access to the Soil and Water Conservation District for site visits to verify practice installation, which may be by use of drone in inaccessible areas. All SWCD programs and services are offered on a nondiscrimination basis without regard to race, color, national origin, religion, sex, marital status, or handicap.
